

June 14, 2019

Dear Future Third Grade Student!

I am very excited that you will be in my 3rd grade class next year, and I look forward to a great school year.

Enclosed please find a supply list of items you will need in 3rd grade. Please bring all work supplies to school on the first day. Be sure that all notebooks and folders are labeled correctly and that your pencil box is filled with only the necessary items. Tissues, paper towels, and wipes may be brought in during the first few days.

Summer is a time to have fun and to relax, but I want to make sure you will not forget everything you have learned in 2nd grade. Therefore, please **read every day** during the summer. Our school participates in **Connecticut Reads, the 2019 Governor's Summer Reading Challenge**. Be sure to bring a book wherever you go – the beach, the pool, the park... Fill out the **Summer Reading Journal**, and bring it with you on the first day of school.

Please **practice your addition and subtraction math facts (0-20)**. You should be able to add and subtract fluently without using your fingers. Your goal is to correctly solve 100 addition and subtraction facts in 5 minutes.

Have a wonderful summer! I will see you at the end of August!

Fondly,

Mrs. Dzimian
